

Original Visual Input V

Textual Input Q

Which organ system is abnormal in this image?

Logits(y|x,v)

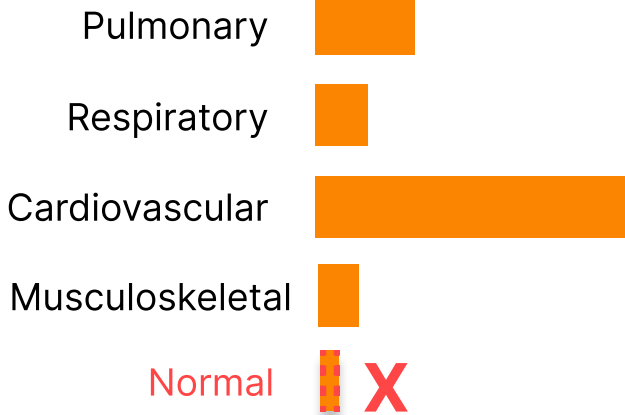

Visual Grounding Score (VGS)

$$VGS = \frac{P_{orig} - P_{dist}}{P_{orig} + P_{dist}}$$

$$P_{final} = \frac{P_{orig} \times (1 + \alpha \cdot VGS)}{Z}$$

VGS-Rewighted Logits

Visually grounded tokens are amplified and **Hallucinated** tokens are suppressed

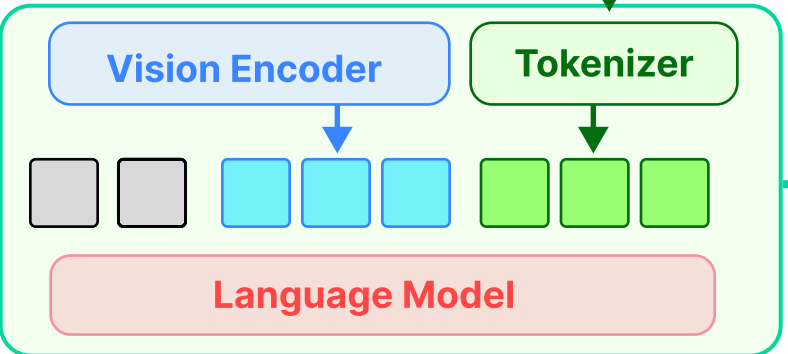

+ Gaussian & Poisson Noise

Distorted Visual Input V'

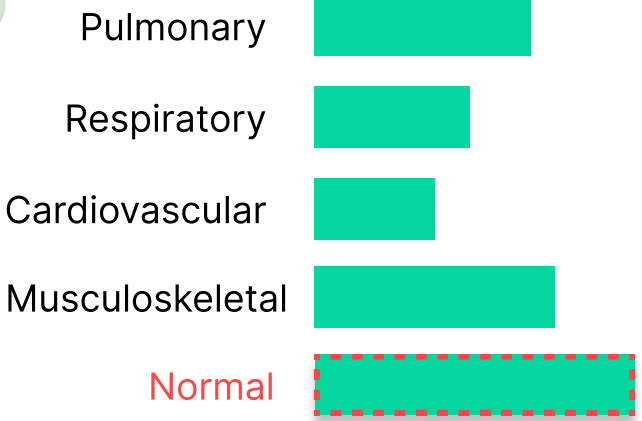

Textual Input Q

Which organ system is abnormal in this image?

Logits(y|x,v')

Medical VLMs
